

Dear Colleagues,

In light of the ongoing global COVID-19 pandemic situation and after careful consideration of the health and wellbeing of the meeting participants, which is our top priority, the organisers of the ESVO Meeting Berlin 2020 have concluded that postponing the event that was scheduled to take place in October 2020 is the best decision to ensure the safest environment for all participants. The event was due to be held in Berlin, Germany, from October 1 to 4, 2020, and is now planned to take place from September 30 to October 3, 2021 in the same location.

We remain firmly committed to prioritising the health and safety of our members, participants, partners and staff and apologize for any inconvenience this postponement causes.

We are happy to inform you that our main speakers Dr. Enry Garcia da Silva, Dr. DJ Haeussler and Dr. S. Kindler confirmed their participation in 2021.

The whole year without continue education is impossible, that´s why we decided to open new webinar issues. Planned topic for the first one is Meibomian gland diseases and tear film assessment and for second one Updated corneal surgery. We will keep you updated.

If you have any questions, please don't hesitate to get in touch (esvo2021@guarant.cz). We will respond as soon as possible.

Visit our website regularly for meeting updates and useful information at <http://www.esvomeeting2021.org/>

We look forward to welcoming you to Berlin in 2021!

Jiri Beranek

Chairperson

of ESVO Conference 2020
